

SIERRA LEONE PEOPLE'S PARTY

SLPP NORTH AMERICA — NEW YORK CHAPTER

"One Country. One People. One Chapter."

September 7, 2026

Dear Chairman Desmond Pessima, Regional Executives, Chapter Chairmen, and Members of SLPP North America,

On behalf of the Executive and entire membership of the SLPP North America – New York Chapter, I extend our profound gratitude to the SLPP North America Region for the overwhelming support you gave us throughout our recently concluded Executive Inauguration.

Our inauguration was a tremendous success, and that success belongs not only to the New York Chapter, but to the entire SLPP North America family that stood with us, traveled to New York, participated in our activities, and helped transform this historic occasion into a memorable celebration of unity, service, and party fellowship.

A very special thank you goes to our Regional Chairman, Mr. Desmond Pessima, and his wife, Hon. Rachel Mariatu Sesay-

Pessima, for honoring us with their presence throughout the inaugural weekend. From the Meet & Greet, to the SLPP New York Young Generation Boat Ride, and finally to the Inaugural Grand Ball, your participation demonstrated extraordinary commitment to the New York Chapter and to the unity of our Region. Your presence at every stage meant a great deal to us.

I also extend our sincere appreciation to the Regional Executive, led in support of these activities by Regional Vice Chairman Sally Benjamin. The collective force, enthusiasm, and solidarity of the Regional Executive gave our inauguration added significance and stature. Your presence gave the occasion an above-the-belt punch and reminded everyone that when SLPP North America comes together, we come together with purpose.

To all our Chapter Chairmen and their delegations who traveled from across the Region to grace our inaugural activities, we say thank you. Your participation was indispensable. The decorations, entertainment, planning, and ceremonies would have meant very little without the presence of our brothers and sisters from the various

chapters. You brought the Region to New York, and your presence made the celebration complete.

I must also give special recognition to our Regional Financial Secretary, Mr. Fayia Lengor, who has now rightfully claimed the enviable title of SLPP North America Regional Hype Man. His energy, enthusiasm, and infectious exuberance electrified the events and repeatedly brought the crowd to life. He did not merely attend the inauguration—he helped create its atmosphere and wowed the audience throughout the weekend.

To every Regional Officer, Chapter Executive, Young Generation member, Women's Wing member, elder, supporter, patron, guest, and friend who contributed in one way or another, please accept our deepest appreciation.

The New York Chapter understands that an inauguration is not simply about installing an Executive. It is about renewing our commitment to service, strengthening the bonds between our chapters, and reminding ourselves that regardless of geography, we remain one SLPP North America family.

Your support has strengthened our resolve to serve with greater purpose, accountability, humility, and dedication.

As Chairman of the SLPP North America – New York Chapter, I am immensely grateful for the confidence, friendship, and solidarity you demonstrated toward our Chapter. We will carry the spirit of this inaugural weekend forward as we continue working with the Region and our sister chapters to advance the values, objectives, and aspirations of our great party.

Thank you, SLPP North America.

Thank you for standing with New York.

Thank you for making our inauguration a Regional celebration.

One Country. One People. One Party.

With profound appreciation,

A handwritten signature in black ink, appearing to read 'Jabati Wai', with a horizontal line extending to the right.

Jabati Wai

Chairman

SLPP North America – New York Chapter
